CORRELLA

Quickly making a name for themselves with their sun-soaked reggae-inspired sound, **Corrella** have become a new favourite on the Aotearoa music scene. Their single **'Blue Eyed Māori'** was the sleeper hit of 2023, with 2024 establishing them as one of the hottest live bands in the country.

Named for the naval-base where the band met, 2023 saw the release of their debut album, ***Road From 26***. The album is a powerful, modern & outright vibe which takes the listener on a journey from Corrella's past to present. With their signature feel-good roots-reggae, the album sees them incorporating funk, soul & pop-rock sounds throughout.

One of the standouts from the album, the track **'Blue Eyed Māori'** saw the band's audience grow on the back of this laid-back earworm. The track was one of the most-played songs on NZ radio & one of the most-streamed in 2023. The track has since spent over 50 weeks at Number One on the Official NZ Top 20 Singles chart, holding the all-time record for the most-consecutive weeks at Number One.

Driven by rhythm guitarist & hype man Te Naawe Tupe (Ngāi Tūhoe) & vocalists Pipiwharaua & Ngawaiwera Campbell (Ngāi Te Rangi, Ngāti He, Ngāti Pukenga), Corrella are set to release new music any day now. With a killer new album in the bag, expect Corrella to continue to climb throughout the remainder of 2024.
