

Growing up in the small coastal city of Warrnambool in Victoria, Flynn Gurry has made continuous waves over the years, recently spending the summer of 2023 in Europe extensively performing as well as ticking off Australian shows supporting Ian Moss of Cold Chisel. Also closer to home, Gurry has toured nationally with beloved folk duo Pierce Brothers, shared stages with some of his musical heroes, including King Stingray, Ash Grunwald, Kim Churchill, and Howard (Goanna), and appeared as part of major festival lineups including Port Fairy Folk Festival and Loch Hart Music Festival. In 2022, Gurry wowed with his first release *'Weather & Dogs?'*, mixed and mastered by the ARIA Award-winning Jan Skubiszewski (Illy, John Butler Trio, The Cat Empire), showcasing both his absorbing songwriting prowess as well as his vibrant sonic flair, seamlessly executed with moments of vulnerability and dreamy production. Renowned for his guitar dexterity, Gurry's musical journey commenced from a young age, attending Port Fairy Folk Festival in his youth and ultimately fusing his love of pop influences and storytelling along with his adoration for folk music that would lead him to creating his own music and expanding his reputation busking around Melbourne; and ultimately capturing the attention of fellow folk and busking trailblazers Pierce Brothers in the process.

In 2024, Gurry won the coveted triple j Unearthed One Night Stand competition, bringing some fitting local flavour to proceedings at this year's sold out event which took place in Gurry's own stomping ground of Warrnambool, along with G Flip, Ruel, What So Not, Thelma Plum, Sycco and DICE. With Gurry's show-stopping hometown performance, which found him speedily jumping on a plane direct from Copenhagen specially for the event, Gurry has also just finished as support for The Dreggs extensive regional Australian tour, closing out 2024 with a brilliant set at Beyond The Valley Festival.

Ending 2024 with a bang, the future looks insatiably bright for Flynn Gurry going into the new year and armed with his brand new track, an unwavering passion for music, and, post-One Night Stand, signing to both Cult Artists as an agent, and the Pierce Brothers' newly founded Woolstore Music for management, the possibilities are endless as to where Flynn Gurry heads to next.

*"We're thrilled to start this management journey with Flynn," shares Jack Pierce of Pierce Brothers and Woolstore Music. "He is an absolute powerhouse on stage, and his songwriting is off the charts! We can't wait to see where he goes next!"*

*"I got into music because of my love for it, and just being a genuine fan. Then once I had picked up a guitar and eventually started playing live, it completely changed everything, and it really just felt like the right thing to do. I haven't looked back since." - Flynn Gurry*
